PROFESSIONAL EXPERIENCE

SCAPEARCH (Pune, India) – Proprietor

June 2013 - Present

I have worked independently as a professional practitioner in the field of Landscape design under a banner of a proprietary firm named, SCAPEARCH, based in Pune. Scapearch has worked prominently in residential landscapes and over 25 projects of have been conceptualized and executed under the firm's guidance. Various interesting landscape elements, designing of transition and pause areas, concepts such as rain water management techniques, root zone treatment system have been implemented. Few projects also included the process of, estimation, BOQ's, tendering and preparing construction documents as per site execution.

As a Landscape Design firm we have aimed to offer excellent solutions which improve and enhance the performance and usability of the structure and space. We cater to the needs and imagination of our clients by being creative, responsive by adhering to the fundamental principles and philosophy of Landscape Architecture. We strongly believe in some of the following principles to help achieve our goal:

- 1) Environment friendly and Sustainable approach in design
- 2) Utilizing locally available materials
- 3) Analyzing hydrological, geological and existing site parameters
- 4) Incorporating local and cultural elements in the design
