The firm offers comprehensive architectural services in accordance with the Council of Architecture, New Delhi, that include Design and Supervision services in Architecture, Urban Design, Conservation and Interior Design. For all Engineering services the firm engages specialist consultants. Co-ordination of the projects is done by us with the

professional expertise offered by our consultant engineering firms, having rich experience in their own respective fields.

The projects have included low cost housing, rural and tribal institutions, schools and colleges, office buildings, software offices, temple complexes, museums, houses and villas, industrial buildings, hospitals and conservation works. Quite a few projects have been published in reputed architectural magazines, both national and international.

Resigned from the Partnership in August 2018.
