Academic Year- 2021-2022

Feedback from Students for Teaching faculty

Students of each year give detail feedback regarding teaching quality, studio behavior, content delivery etc, regarding every faculty of every subject which is tabulated & analyzed by senior faculty from Academic Monitoring Committee. A comprehensive tabulated copy of the student feedback is handed over to the faculty during their appraisal review. Every student gives a rating between 1 to 10 for every faculty member by answering following set of questions:

1. Feedback given for _____
2. Check all that apply.
 - Architectural Design
 - BCM
 - TOS
 - CADG
 - Building Services

Give your rating between 1 to 10 given for the questions below about the faculty who taught you

Feedback from Alumni

Alumni feedback is taken through self testimonials by graduate students. Students who have graduated since 2013 have expressed following broad points:

1. The institute offers a conducive learning environment.
 2. It offers creative freedom to students with focus on learning process.
 3. Dedicated teaching faculty as well as director himself take lot of efforts on overall growth & development of students.
 4. Beyond academics, faculty help develop values in students like discipline, ethics, teamwork, management etc that develops foundation of profession in students.
 5. Faculty through discussions with students help develop a questioning mind and induce creative potential of students.
 6. Wide exposure is given to students through various guest lectures, competitions and juries where eminent architects across the country as well as abroad are involved.
 7. Extracurricular activities like participation in sports, exhibition week, various competitions help develop students in holistic manner. These activities also form the basis of developing life skills in students like teamwork, management, ability to handle work pressure etc.
 8. Extracurricular activities are also appreciated by students as they encourage working and interactions amongst peers of various academic years together.
 9. Teaching learning process often challenge limits of students but help in the long run in their development as a professional.
- Consecutive images shared of some of the alumni testimonials give an overview of the above.
