Learning Digital Documentation using InDesign

ABCs of Adobe InDesign:

Advanced softwares are as much an integrated tools of architecture as traditional tools. With rapid advancements in digital media and complex buildings, the need for architects to understand and develop mastery on advanced toolsets grows every day. Amongst the available presentation softwares for architects and designers, InDesign plays a key role in portfolio making, refined presentations and communicative portrayal of design ideas.

This session is aimed at explaining the ABCs of Adobe InDesign, a software widely used for designing, formatting and publishing layouts. We'll be learning its applications in various ways and its proficient use in creating well-presented, well-compiled portfolios, digital presentations and print media. The session aims to make the students aware of the possibilities with Adobe InDesign as a digital tool and set the foot running to design and create publications and portfolios via Adobe InDesign

Ar. Shambhavi Joshi

Shambhavi Joshi is an alumna of the prestigious Manchester School of Architecture(MSA) and has completed the Master of Architecture [RIBA part II] course under the Complexity, Planning and Urbanism [CPU] atelier. Throughout her architectural journey that began from Padmabhushan Dr. Vasantdada Patil college of Architecture, Pune, she has developed and mastered skills ranging from building design and detailing, reuse, research, analysis, professional studies, etc along with expertise in computation, parametric and generative design, and urban design.

Currently, she works as an Architectural Designer at 'infinite VARIABLE Pvt Ltd', Pune wherein her scope of work diversely ranges from traditional architecture and interiors to branding, UX/UI, social media management, graphic design, set and production design and sometimes even exploring Augmented Reality[AR].

Seminar-Adv Gouri Joshi on Environmental legislation

Date:20 03 21 & 27 03 21

Environmental Legislation

Understanding framework to safeguard environment

by

Adv. Gouri Joshi

Environmental Lawyer

We at PVP CoA, strive to expand the understanding of the term **Landscape Architecture**, by emphasizing and learning certain aspects at the B.Arch. level, such as:

- Sensitizing students to the values and uniqueness of the world we live in, in terms of geographical settings, ecology and the natural resources.
- To learn the ability to perceive the environment with respect to these values and respond in appropriate manner in terms of architectural design or open space design.
- Understand the environmental concerns at global and local level,

So that, we as **architects** and **individuals** can recognize environmental values, contribute to retain uniqueness of the planet, conserve resources and take appropriate mitigation measures to the best of our abilities.

As an extension to our LA studios, and as part of Environmental Science subject, we are conducting guest lecture by Adv. Gouri Joshi, an environmental lawyer, who shall explicitly talk about:

- Human health and social aspects of the environment.
- Introduction to legislative frameworks to safeguard environment.
- Environmental clearance process for construction projects

SESSION 01: | Saturday | 20th March 2021 |
TIME: | 11.00 am-1.00 pm |

SESSION 02: | Saturday | 27th March 2021 |
PLATFORM: | Zoom Meeting |

COMPULSORY FOR SECOND YEAR AND THIRD YEAR B.ARCH. STUDENTS AND OPEN FOR ALL !

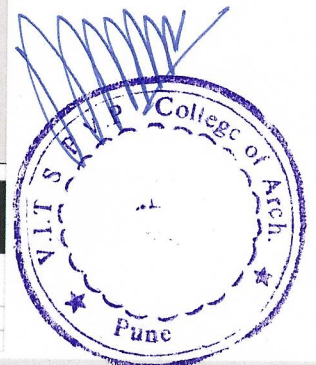

Educational Background:

BHSc (Distinction from SMRK College, Nashik, SNDT University),
LL B (First Class from NBT Law College Nashik, University of Pune)
LL M (Higher Second Class) and PGD Environment Management (Distinction with Gold Medal) from the University of Pune.

Gouri Works as an enviro- legal consultant with various organisations and companies. She is also founder member of HARMONEY (Trust), RISE (Charitable Society), and ADHIVAS (Trust).

Gouri is involved actively in academics and is a part of various institutes in capacity of Associate Professor and Examiner at Bharati Vidyapeeth, Associate professor at BNCA, Visiting professor at PVP CoA, Sinhgad College of Architecture, and Insearch. Visiting Professor for Env Laws, University of Cologne, Germany.

Handwritten notes on lined paper, starting with 'Pr. Vasudha Gokhale (Lecture 1)'. The notes discuss research methods, including qualitative and quantitative approaches, and the importance of research in architecture.

Handwritten notes on lined paper, discussing research scales (e.g., range 1) and the relationship between people and their environment. It mentions 'Process & conduct' and 'Method of research'.

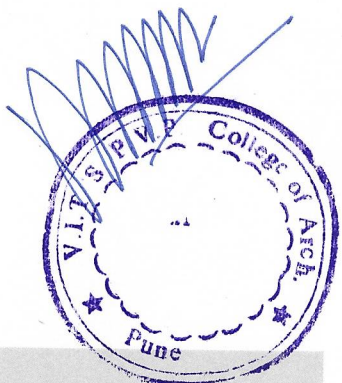

Handwritten notes on lined paper, including a diagram of a triangle and text about 'Research Objectives' and 'Research Methodology'. It lists various research methods and their applications.

Ruchi Kumbhani

This was first of the two sessions taken by Dr. Vasudha Gokhale. She is associated with the University of Melbourne in Australia, Victoria University of Wellington in New Zealand, IIT Kanpur, and CEPT Ahmadabad. She is currently researching in the field of disaster management- particularly in "Earthquake Resistant Architecture". Her session was about the significance of research in architecture and literature review.

development → better than today
 equity & justice → studying society → studying power structure
 ecology → gender eq-to-militarism
 economy → land ownership patterns → aspiration
 society → legitimise power → authority → planning
 legitimise power → authority → living
 ecological eq → political economy
 village consciousness is intact → people to their
 → village family → well-being
 → other sources → other sources
 → who is eligible for what under → only
 → govt. schemes? → (terms accepted)
 → agriculture was →
 → site enhancement →
 → farmer produce sale
 → Each project should reserve a small patch as
 → green which then forms a small part of
 → whole
 → High Technology Age → catalyst
 → daily

Key Points Discussed:

- What is the role of Architect in Development?
- Bottom line approach to Sustainable Development: Ecology, Economics and Economics
- Power, Democracy and Decision Making
- Where is the village willing to invest?
- Bhugaon - Rural Habitat & Urban Aspiration
- Gender Sensitization
- People as a client. When planning for people you also need to plan for animals
- Space creation where consciousness of village will remain intact

Rashmi Banate

On Thursday, July 05, 2018, students of IV Year B.Arch. attended lecture of Mr. Avinash Madhale, this lecture helped students to understand how **Sociology and Architecture**, goes hand in hand and how it helps in evolution of design idea and implementing them on site, this lecture helped students in understanding how to respond to the site and physical context on academic level, which will also help them in actual practice.

Decoding of Space Experience: Exploring Teaching Methods for Architectural Design

Feelings have any shades. An emotional state, a reaction,
 an idea, a belief, sensation of touch or even an intuitive
 understanding. In each of these hues, it is knowledge and
 perception that permit inputs for every such experience.

The human cognition is in complete with our space, and
 architecture creates that space which becomes the
 container of these experiences. Experiences in turn shape
 the meaning of our creations with the built environment
 with which we exist. In today's world, architecture is
 becoming increasingly visual and has been reduced to a
 'form making' exercise. It is therefore important to
 understand the relationship between spaces and
 architecture with a view to enhance and extend the
 architectural design process towards making space
 experiences that permit to recognize their the education
 of architecture.

Against its backdrop, we at our institute have been
 exploring various methods to observe, map, decode the
 space experiences so as to be able to derive experiential
 ideas for architecture. In the process of exploration of these
 methods, we found ourselves looking into disciplines other
 than architecture which constitute 'Feelings' - disciplines like
 visual and performing arts, literature, history, sociology.
 These professions experiences, map and decode these
 spaces in their own unique manner. Obviously, these
 disciplines would offer architecture a great pool of
 references to draw from.

Venue :PVPCOA Lecture Hall 1

Faculty : Ar. Niranjana Garde, Ar. Vijaya Shrinivasan, Ar. Shekhar Garud, Ar. Rashmi Joshi, Ar. Sanika Inamdar, Ar. Prema Shetty, Ar. Mrunalini Anekar, Ar. Meghna Kulkarni, Ar. Anuradha Shinde

Notes taken By Students during the lecture; courtesy- Namrata Jogdand, Tanya Chanchalani. The lecture covered aspects of reseach methodologies and research tools which proved beneficial for the students.

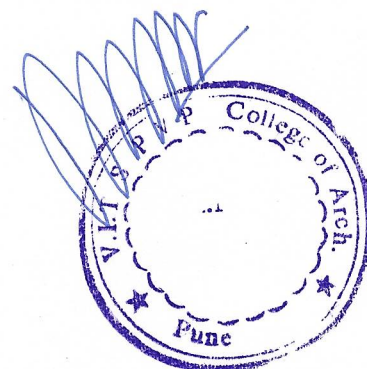

Photo courtesy : Abhishek Patil, BNCA Website

A workshop on Reserch Methodology and Tools was conducted by Ar. Meera Shirolkar from BNCA for the Ivth Yr students of PVPCOA. The workshop touched upon different ethodologies, tools and the appropriate usage of them. For the students, who were working on their research papers, the workshop turned out to be extremely helpful as it gave them guidance on the way to proceed.
