Annual Quality Assurance Report (AQAR)

Criterion 3: Research, Innovations and Extension

Key Indicator: 3.5.1 Number of Collaborative Activities for research, Faculty Exchange, Student exchange / Internship Year wise during the year .

Academic Year- 2022-2023

Summary

Sl. No.	Title of the collaborative activity	Name of the participant	Year of collaboration	Duration
A	B Arch 5th Year Professional Training/ Internship List			
<p>Total 64 students have attended Internships in the year 2022-23 as part if their academic requirement in 9th Semester of B Arch . The ninth semester of the course is dedicated to "Practical Training," during which students engage in professional offices of architects for 6 months/ 27 weeks to gain experience in real-life architectural projects. Upon rejoining the college, our institute mandates the submission of the following documents: a scanned copy of the last three pages of the logbook, PT joining letter, PT completion letter, drawing index Excel sheet, compiled intermediate PT report from June to November, PT panel individual box (.cdr file and pdf file), Practical Training presentation, Practical Training portfolio compiled in the given format, and a hard copy of the PT portfolio with drawings duly signed and stamped by the employer. Additionally, the logbook, PT joining letter, PT completion letter, drawing index Excel sheet, work diary signed by the employer, and the compiled intermediate PT report from June to December are required. Due to Space constraints, the institute has uploaded sample appointment letters and completion certificates for seven highlighted students in the complete summary list of all 64 students</p>				
B	M Arch -Post Graduate Program Internship List			
<p>The students are expected to work under an Urban Designer for 40 Days between the 1st year and 2nd year. The List is added below with completion certificates of all students.</p>				
C	Other Collaborative Activities			
S No.	Title of the collaborative activity	Name of Participants		
1	Industry Visit to Kokkal Industries	3rd Year Students		
2	Industry Visit to Casting Yard of B.G. Shirke, Pune	3rd Year Students		
3	Industry Visit to Bajaj Auto	5th Year Students

To Whom It May Concern

This letter is to certify that Shivam Agrawal has successfully completed his internship program with Hexaspace. His internship tenure was from 23/05/2022 to 23/11/2022.

During the span, we found him hardworking person. His learning powers are good and he picks up swiftly. His feedback and evaluation proved that he learned keenly. Moreover, his interpersonal and communication skills are brilliant.

He has always strived to develop new and unique concepts and has only shown a positive growth in his design skills. You can easily rely on him to complete the tasks assigned to him well within a deadline, and with innovative solutions as well.

Shivam will be a valuable asset to any organization he joins in the future. We wish him all the luck in his future endeavors.

Letter of Appointment for Internship

Date: 23rd March 2022
Attention: **Ms. Yashodhara More**

It is our pleasure to confirm that you have been appointed as an Intern from June/July - Dec 2022

Detailed below are the terms and conditions

Salary:	Rs. 5000/- per month. Payment will be made on successful completion of the internship term.
Inclusions:	It is expected that you will be provided with materials and equipment normally required for completion of assigned works. The employee will be responsible for a high standard of professionalism in terms of work quality and timely completion of assigned tasks commensurate with the tasks undertaken.
Termination:	This contract includes probation of 2 months. Following this, termination may be given by either party with minimum eight (8) week notice.
Hours of Work:	Office hours are between 9.30am and 6.30pm Monday to Saturday, with one (1) hour break for lunch. Normal office working week is min 48hours.
Holidays:	You can choose any 10 Holidays from the list of government holidays for a year. If the intern stays only for shorter duration the holidays will be calculated on pro rata basis. Sick leave a day a month is allotted which can be accumulated for long vacation.
Attendance:	Leave of absence should take into account the role of the intern architect in the project and should be informed a week in advance during Monday Meetings. Any leave of absence (for one day) without notice other than sick leave will have to be compensated. If this leave of absence exceeds more than 1 day. Twice the time need to be compensated.
Working for other Employers:	The organization expects its architects to give undivided attention to their work. For this reason, you may not hold any outside jobs that may be a conflict of interest with your responsibilities and commitments to MOAD. MOAD office space, equipment, and materials are not to be used for outside activities.
Confidentiality:	All discussions and information revealed in negotiation of projects during your stay are confidential.
Non-Compete:	This contract is subject to your agreement that should the contract be terminated by either party, you will not compete either independently or as part of any other group against MOAD for any projects confirmed or proposed, that you have worked on or had access to during your contract period with MOAD for a period of one year after expiry of your contract.

To whom it may concern

This is to certify that Ms Yashodhara More, from VIT's P.V.P College of Architecture, Pune, did her Internship at our office from 6th June to 19th Nov 2022.

She started her internship working on Design and furniture layout for Manuscript Archives for Revamp of IFP - French Institute of Pondicherry. Her work involved Layout options, Drawing and 3D of the same.

Following this she worked with a team on a stilt + 4 floors Apartment at Venus Colony Chennai. She worked on Tender drawings including layouts, Design drawings of kitchen, terrace, balconies etc. Later, she carried on with the revisions of same as Construction Drawings.

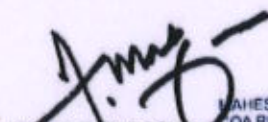

Yashodhara also worked on Construction drawings of Besant Nagar House and E House- both single family homes in Chennai. Her work involved Construction Drawing and Design details of varied nature.

Apart from this, she worked on several project teams on specific tasks that included, support in construction drawings and 3D updates for Neithra House - An independent residence and Tender stage drawings for Duma house - A stilt + 4 floor apartment and 2 houses and a Garden - A Stilt +3 floor residence for 2 brothers.

Yashodhara was able to adapt and respond to chaotic and complex situations with skill and maturity. She was able to work both in a team and independently. Yashodhara involved herself closely in the workings of office and showed diligence and sincerity in whatever work she was assigned to.

We wish her the best in all her future endeavors.

Sincerely,

Mahesh Radhakrishnan

Dear Anuja

Thank you for inviting CEE to conduct an elective course for 2nd Semester students of the masters programme at the PVP College of Architecture, Pune.

The course we would like to offer is the SDG Handprint Lab. A general description of the program is at this link <https://www.coeindia.org/sdghandprint-lab>

Please see attached a proposed session plan customized for PVP CoA.

We would like to suggest that the students carry out the field work in the Ramnadi basin or Pashani Bavdhan area. Of course any other suitable location for the field work is also fine.

I would like to introduce my colleagues Meena AS, Programme Coordinator and Bhargav Pandit, Project Officer (Urban Programs) who would be primarily involved in conducting the course. They are based in Ahmedabad and will conduct it online.

Madhavi, Avinash, Amar may join from time to time or advise the course team generally. I will visit PVP CoA some time though probably not for the first two sessions. I will also try to meet the students at Pashan Lake some time during their field work, in case they choose the Ramnadi for their fieldwork. We may bring in external experts as per need, depending on the topics and locations that the students choose.

We have noted the instructions you shared. If possible, it would be very helpful if you could provide some honorarium for our course preparation time, in addition to the honorarium for the hours of online or on-ground facilitation. Please see what is possible.

We look forward to your suggestions and inputs to the course contents, methodology, further customization if needed, and the actual time table (dates/ hours).

Thanks and regards

Sanskriti

Dear Sanskriti Ma'am,

Thank you for your Email and sharing the proposed session plan for the Elective II Course. Also, thank you for introducing us to your extended team from Ahmedabad, we are sure it will be an enriching collaboration.

We have gone through the course content shared and would like to finalise the following points in reference of your Email-

- 1. Wrt the content of the course, your team may please freeze it at your end as you will have the best insight of it. Thank you for preparing a detailed outline, it will certainly be a very helpful document of reference for students as well as us throughout the duration of the course conduct.

<https://mail.google.com/mail/u/0/?ik=23814808&view=pt&as=sdghandprint-lab&ui=272937748163480077&asqpt=msqgl:172937748163...> 1/2

2024/4, 2:13 PM Vivekanand Institute of Technology's Padmabhushan Dr. Vasantdada Patil College of Architecture Mail - SDG Handprint Lab

2. I have added 3 columns in the course outline file that was shared with your Email wherein your input is required. It is mainly to do with mentioning the dates, contact person & mode of class (online/offline/on-site) for each session.

3. We can begin sessions from Friday, 15th April 2022 and progress further sequentially week wise to complete the course outline as suggested. In between, from Saturday, 28.05.2022 to Sunday, 05.06.2022 our Institute will be closed for all activities hence we request you not to schedule any class in that week.

Starting next week, Friday, 15th April 2022 we will have to consider Friday, 08th July 2022 as the last day to conclude all the sessions along with the final assignment submission.

4. Timings of every Friday session with the teaching members will be from 09.00am to 12.00pm. I believe their site visit days and timings could differ as they would be on their own unless we are looking for a guided site visit in which case we can mutually discuss the day and time.

5. We can certainly insist students to select and study the sites suggested by your team. However, as we have a total 16 students, if need be, we can also look at a few other sites in addition to Pashan Lake and Ramnadi Basin.

6. As per the Academic Administrative policies the remuneration will be administered for all the interactions conducted between the Faculty Members and the students for online/offline/on-site sessions as per the sanctioned budget. We can discuss it in person set how we can accommodate the honorarium for the course preparation well within the already approved budget from PVP CoA. Hope this is fine.

7. I am adding Ar. Minal Sagare (M.Arch, Urban Design, Course Coordinator) and Ar. Madhava Sarkar to this loop of conversation. Madhava will be mainly coordinating and extending the logistical support from PVP CoA to your team during the conduct of this course. I (Anuja) will also be around for any help required.

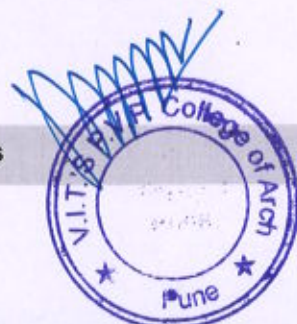

We are looking forward to connecting to your team sometime in next week to set the ball rolling and have a great learning outcome.

Thank you.

Best Regards,
Anuja Chawda

To,
Mr. Ravindra Sinha,
ACWADAM,
Pune.

Intent of this Email: **Proposing a visit to Water Infrastructure project sites in Pune with an intent of sensitizing students towards the infrastructure needs of an urban environment and fundamental concepts that cater to such needs.**

Respected Sir,

I am Ar. Anuja Kisan Chawda, faculty of the M.Arch, Urban Design Course at Vivekanand Institute of Technology's Padmabhushan Dr. Vasantdada Patil College of Architecture, Pirangut, Pune. We at VIT's PVP College of Architecture have been running a 2 years duration Master in Architecture - Urban Design programme since August 2017.

As per our brief discussion over phone and few exchanges of messages over WhatsApp, I am writing to you officially to propose our interest in collaborating academically with your esteemed organisation (ACWADAM) in various forms possible. In the past we have been referring your organisation to our students when they are conducting their research projects or Thesis Design Projects and we are glad to tell you that few of our students have benefited from your interactions and the help extended. We look forward to continuing this association with you in the long run in various forms and opportunities.

To begin with, we wish to propose organising a site visit for our students to water infrastructure project/s that your organisation has been involved into. We intend to do this as part of inculcating sensitivity and giving exposure to our students in the professional course that they have undertaken & to enable them to deal with such requirements in their profession in future.

Sir, our students are in the Semester II of their course and are studying a subject called "Urban Systems" being taught by Ar. Utkarsha Baxi (for Urban Infrastructure Services & Systems) & Ar. Pranjali Deshpande (for Urban Transportation Systems). The site visit that we are proposing shall be conducted under the Urban Infrastructure section of this subject which deals with sensitizing students towards Urban, Social & Physical city infrastructure.

I am sharing below the extract from the syllabus which may give a hint of the content of the Urban Infrastructure System section. This is for your quick reference so that we can discuss further the components that you may be equipped with to share with the students during our site visit and interaction.

COURSE CONTENT:

Unit-1: Urban Infrastructure

- Concepts of urban infrastructure, social and physical infrastructure, Urban form, size and implications on services, Layout of urban area, siting of services and land-use and efficiency, Basics of service network - Water supply, sewerage/drainage, energy, communication and waste management.
- Urban Social Infrastructure; qualitative and quantitative techniques of assessing requirements, planning amenities and institutions.
- Financing of infrastructure needs of the city; national and international agencies involved in infrastructure provisions.

As per our messages, we confirm to you that Friday, 19th May 2023 suits us to conduct this site visit. We request you to please let us know the further details and programme of the site visit as per our previous exchanges.

We are a group of 08 students and two faculty members (Ashirwad Korde and myself).

In addition to the visit, we will be grateful if you could provide / suggest us with any references, drawings, reports, etc. which can act as a repository of data for our college Library and the students of Bachelor in Architecture as well as Master in Architecture will benefit out of it. (Do let us know if we need to carry out any further formalities regarding the same).

Sir, do let us know with prior appointment if we can schedule the site visit on the above mentioned day and date.

Awaiting your response.

Thank You,

Regards,
Anuja Chawda (+91 99224 38712)
