Feedbacks collected from various stakeholders were analyzed and discussed in detail with faculty members by team of senior faculty members, Director & Management Secretary.

All the feedback were consolidated and summarised and were conveyed to the faculty members one to one in person and was also given in written without disclosing names of students.

A comprehensive tabulated copy of the student feedback is handed over to the faculty during their appraisal review. Every student gives a rating between 1 to 10 for every faculty member by answering set of questions. Informing faculty about the analysis and what their individual score mean in terms of their performance.

Apart from discussing successes & ways in which any obvious concerns raised by students, teachers, parents are addressed, Opinions and suggestions by faculty were also heard.
